RE: Modine Manufacturing Company, Closure Certification Acceptance

Dear Mr. Sanicola:

In accordance with 40 CFR Part 265, as incorporated and modified in 10 CSR 25-7.265, the director of the Missouri Department of Natural Resources (MDNR) hereby accepts the closure certification for Former Storage Area 1, Area 2, and Area 3. Modine Manufacturing Company is released from financial assurance requirements for closure and liability for the former storage areas.

Modine Manufacturing Company, Camdenton, Missouri, submitted its closure certification report for Area 1, Area 2, and Area 3 in accordance with 40 CFR 265.115. The closure certification documents were received October 11, 1996 and December 27, 1996. Mr. Tom Sanicola, Environmental Engineer, Modine Heat Transfer, Inc., and Dominic J. Grana, P.E., an independent registered professional engineer licensed in Missouri, signed the certification. The Jefferson City Regional Office inspected the facility on June 16, 1999 and no unsatisfactory items were identified at the former storage areas.

Further remediation of soils and/or groundwater in these former storage areas, if necessary, shall be implemented under the Corrective Action Abatement Order on Consent signed by MDNR on August 9, 1999.
